

**Announcement for Regional Training: Building Capacity of Civil Society Organizations and Key Stakeholders for Implementation and Monitoring of Existing Occupational Health and Safety Regulations and Working Conditions**

**September 21, 2022**

The Occupational Health and Safety Association of Montenegro (OHS Montenegro), within the project "Improving Working Conditions and Occupational Health and Safety as Support to Western Balkan Countries in the Accession Process to the European Union," under Grant Agreement IPA/2019/413-810, and as a member of the regional network for occupational health and safety, BALcanOSH.net, invites you to attend the training sessions aimed at strengthening the capacity of civil society organizations and key stakeholders for the implementation and monitoring of existing occupational health and safety regulations.

**Project Objective:** Strengthening the influence of civil society organizations in the region for effective and responsible participation in policy processes and reforms in the field of occupational health and safety in Western Balkan countries.

**Specific Project Objective:** More dynamic civil society through networking, advocacy, long-term strategic organizational planning, and enhancing the level of involvement and engagement of civil society organizations in decision-making processes related to safe working conditions.
