

Meeting at the Ministry of Education with the Director of the Directorate for General, Secondary, Vocational, and Lifelong Education, Slobodan Savović November 3, 2022.

On November 3, 2022, a meeting was held with the Director of the Directorate for General, Secondary, Vocational, and Lifelong Education, Slobodan Savović.

During this meeting, the introduction of occupational health and safety into the education system in secondary schools in Montenegro was discussed. Accordingly, it is necessary to develop a program, followed by the implementation of that program through the realization of the curriculum in secondary schools. There was also a discussion about the need to conduct risk assessments and develop protection and rescue plans for emergencies, such as earthquakes, floods, and similar hazards, as well as the implementation of evacuation drills in schools.
